**Formula 1 Award Criteria**

To complete the Formula 1 2020 Award, fly to the listed airports, arriving between the Arrivals Start Date and the Arrivals End Date. So, for example, arrive in Melbourne YMML between March 4 and March 15, 2020.

Aircraft choice is at the pilot's discretion, providing they have the rank to fly it. This is NOT a CAT-free event. Pilots may fly a United/UAX livery or a Star Alliance livery..

The departure airport inbound to the designated race airport is up to the pilot's discretion; it does not need to be flown from a hub. Pilots do not need to fly from one race airport to the next. Pilots may fly non-F1 flights between F1 legs.

For PIREP Link, go to Pilot Center after your PIREP is approved, right click on the appropriate Flt Number, choose Copy, then paste into the PIREP link cell on this tracking sheet.

Send the completed tracking sheet to your hub manager and assistant hub manager after you finish all the required flights.

Additions or deletions to the official F1 Race Schedule may be reflected to the Award criteria.

This award will be retired at 0100z, December 14, 2020. At least 10 pilots must complete this award if there is going to be an Formula 1 2021 award.
